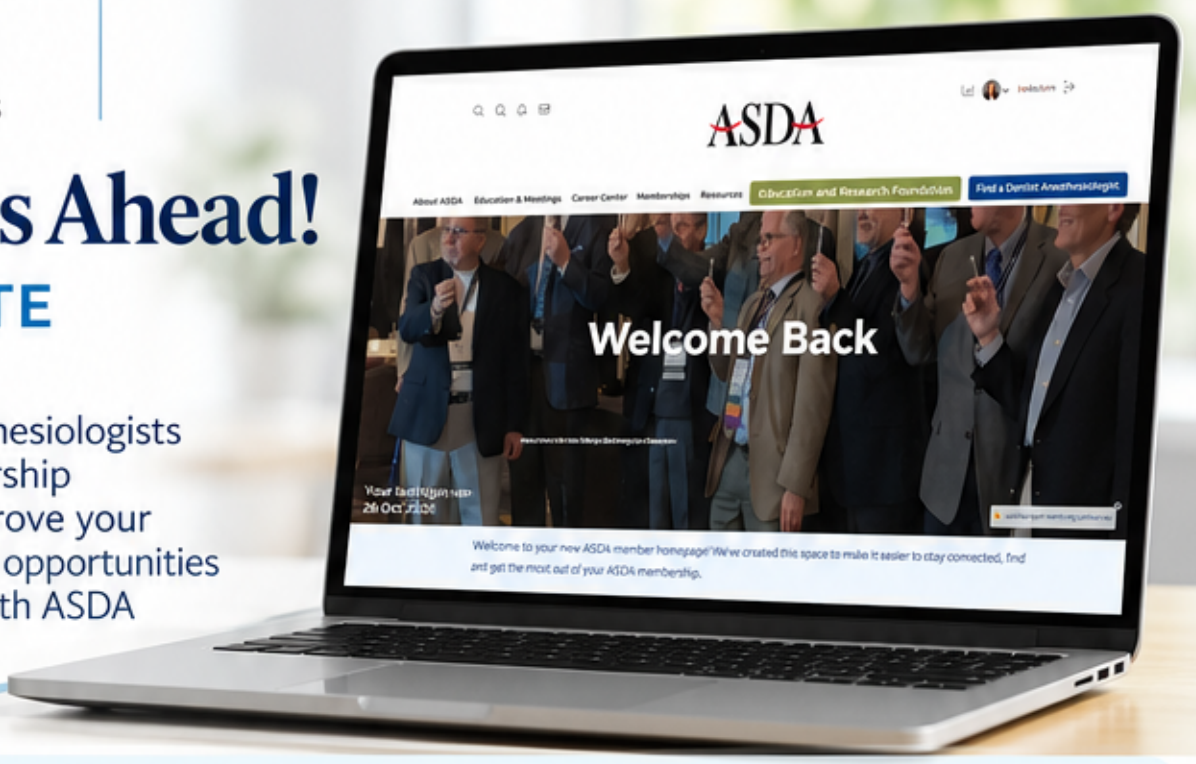
ASDA

AMERICAN SOCIETY OF
DENTIST ANESTHESIOLOGISTS

Exciting Changes Ahead!

A NEW ASDA WEBSITE IS COMING SOON!

The American Society of Dentist Anesthesiologists is launching a new website and membership management platform designed to improve your membership experience and provide new opportunities to connect, communicate, and engage with ASDA and your colleagues.



WHAT'S NEW?

The new ASDA website will offer a variety of enhanced features, including:

Simplified Membership Renewals

An improved renewal process with secure online payments, automatic annual renewals AND automatic dues payments, to make maintaining your membership easier than ever.

Enhanced Member Profiles

More comprehensive, customizable profiles that allow members to share their professional background, practice information, areas of expertise, and contact preferences.

Expanded Member Directory

Improved search capabilities to help members find and connect with colleagues.

Member Messaging and Networking

New communication tools that allow members to connect directly with one another, collaborate within committees, and communicate with ASDA leadership.

ASDA Member Forum

A dedicated message board where members can exchange ideas, seek advice from colleagues on clinical cases and professional matters, share resources, and participate in discussions relevant to dental anesthesiology.

Improved ASDA Communications

A centralized platform for important ASDA announcements, updates, committee activities, and opportunities for member involvement.

These enhancements are designed to make ASDA more than just a membership organization.
We want to create a connected professional community where members can easily share knowledge, collaborate, and stay informed.

TRANSITION TIMELINE

Before the End of 2026

Our goal is to complete the transition before the end of 2026, allowing members to update their profiles and renew their 2027 membership through the new platform.

IMPORTANT

Please Hold Off on Renewing

As we prepare for this transition, we kindly ask members to hold off on renewing their 2027 membership through the existing ASDA website.

WHAT'S NEXT?

We'll Keep You Informed

Once the new website is ready, we will send detailed instructions on how to access your account, update your member profile, explore the new features, and renew your membership.

Thank You!

We appreciate your patience and understanding as we work through the final stages of this transition. We are confident that these improvements will provide a more streamlined and engaging membership experience.

We look forward to sharing the new ASDA website with you soon and introducing the many new ways you can connect with your colleagues and participate in our professional community.
